

CHANSON VS-70

Top of the Line Under Sink Water Ionizer

The Chanson VS-70 has seven (7) titanium coated platinum plates which provide the highest level of conductivity and durability. Our cutting edge design and proven durability of the electro-plated platinum ensures that you get the best ORP year in and year out. The Chanson VS-70 can also make alkaline water at 11.7 pH and acid water as strong as 2.4pH. No other machine can compare, unless they are adding salt or reducing the flow rate.

The Chanson VS-70 is the first machine that can be fine tuned to your desired water settings. With it's micro-adjustment capabilities the pH values can be adjusted five (5) points (+) or (-) on each setting. This adjustability is what makes the Chanson Brand so unique and the best money can buy.

Includes Lifetime Warranty (see chanson website for details)

MIRACLE M.A.X.

Advanced Counter-Top Water Ionizer

The M.A.X. rocks. Literally! It's the first ionizer ever to use mineral rich nutritional Himalayan rock salt to create acid water. Unlike ionizers that use bleach/salt injection and leave toxic residue on your water cell ionizer plates when you produce drinking water, this residue is healthy for you because it has over 80 minerals.

Simply drop a rock of Himalayan Salt into the basket and chose the acid water setting and you are able to make acid water that has been 3rd party verified to kill e-coli and Staph on contact! All natural and non-toxic!

Priced at \$2195.00 + tax

Includes Lifetime Warranty (see Chanson website for details)

CHANSON MIRACLE

Top of the Line Counter-Top Water Ionizer

The Chanson Miracle has TDS adjustment and features the coveted seven (7) plate technology. It also has advanced features such as scratch and fade - resistant control panel and an automated personal water assistant.

Most machines can only make strong acid or strong alkaline water by adding salt or slowing down the flow rate. The Chanson Miracle can make alkaline water as strong as 10.7 pH and acid water as strong as 3pH at full water flow.

Because the Chanson Miracle features the coveted seven (7) plate technology, our electrodes will continue to provide peak performance long after our competitors have failed.

Includes Lifetime Warranty (see chanson website for details)

CHANSON ANGEL

Mid- Level Under- Counter Water Ionizer

The Chanson Angel is an under- counter water ionizer (no countertop clutter) that produces healthy, pure, alkaline water for you and your family. The elegant faucet has a beautiful LCD display and an easy-to-use control pad allowing you to select different levels of alkaline or acidic water and disbursing both streams right into the sink.

The Chanson Angel offers you the absolute zenith of cutting edge electrode technology. The five (5) solid titanium plates on the Chanson Angel are nano-plated with platinum, providing the highest level of conductivity and durability.

Includes Lifetime Warranty (see chanson website for details)

CHANSON VIOLET

Mid-Level Compact Counter -Top Water Ionizer

Chanson Water is proud to introduce our newest and most user friendly water ionizer on the market. The Chanson Violet provides superior electrolysis and ionization technology in the smallest unit available in the industry.

The Chanson line of ionizers have a patented lock system that allows the user to lock the setting into place, so there is not danger of children consuming the incorrect water. The Chanson Violet features the coveted five (5) plate technology and advanced features such as a scratch and fade -resistant control panel and an optional faucet.

Priced at \$1,295.00 + tax

Includes Lifetime Warranty (see chanson website for details)

CHANSON C3

3 Stage Prefiltration System

The Chanson Water C3 pre-filter is the ultimate in water filtration technology. There is not an ionizer filter on the market that can compete with our triple-canister filtered water. Each C3 canister is devoted to removing harmful chemicals, heavy metals, flouride, chlorine and over 100 additional contaminants.

- * **Stage 1:** Carbon Block- 5 Micron. Removes: sediments, chlorine, chloramines, bad taste, odors and many more.
- * **Stage 2:** Removes: flouride, lead, arsenic.
- * **Stage 3:** KDF+55/ Super Carbon. Removes: heavy metal, bacteria, sulphur, pesticides, nitrates.
